⁺ A senior design course offered by one of the other SSOE engineering programs is required.

⁺⁺ May be ENGR 1050 Product Realization, or with preapproval a senior design project arranged with a faculty mentor and taken as ENGSCI 1801. Students wishing to complete a two-term project with a faculty mentor may request approval for the second term to count as a program elective (ENGSCI 1802).

* One of the Nano. Prog. Electives must be a basic science course* Three credits of basic science lab courses can constitute a three credit Nano Prog. Elective.

[‡]All humanities and Social Science electives must be from the SSOE approved list. Two courses need to be in single area (see SSOE guidelines).

[†] Writing intensive course

Italicized courses indicate co-requisites; courses must be taken prior to or concurrently.
